Clef M

(Faucet Mixer: Hot/Cold water)

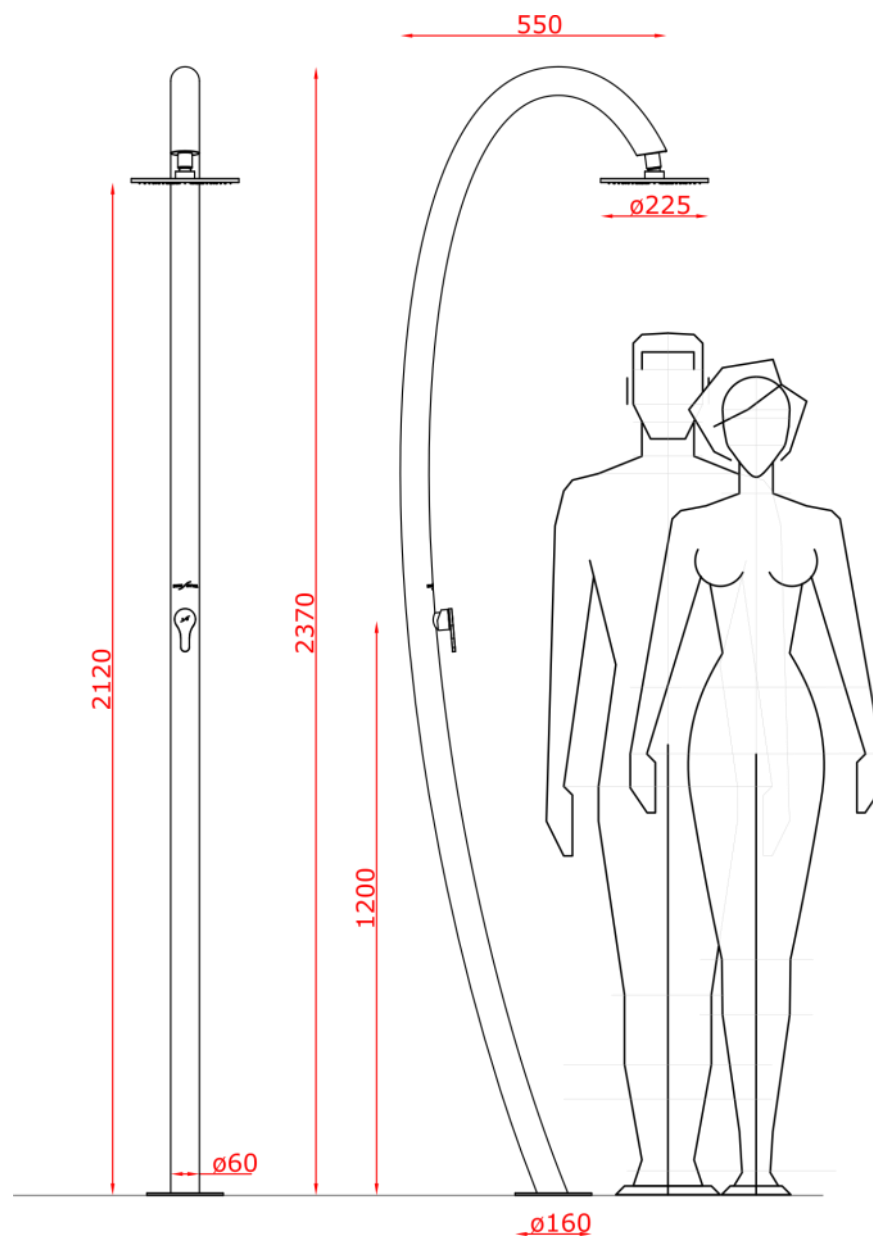

Clef ML

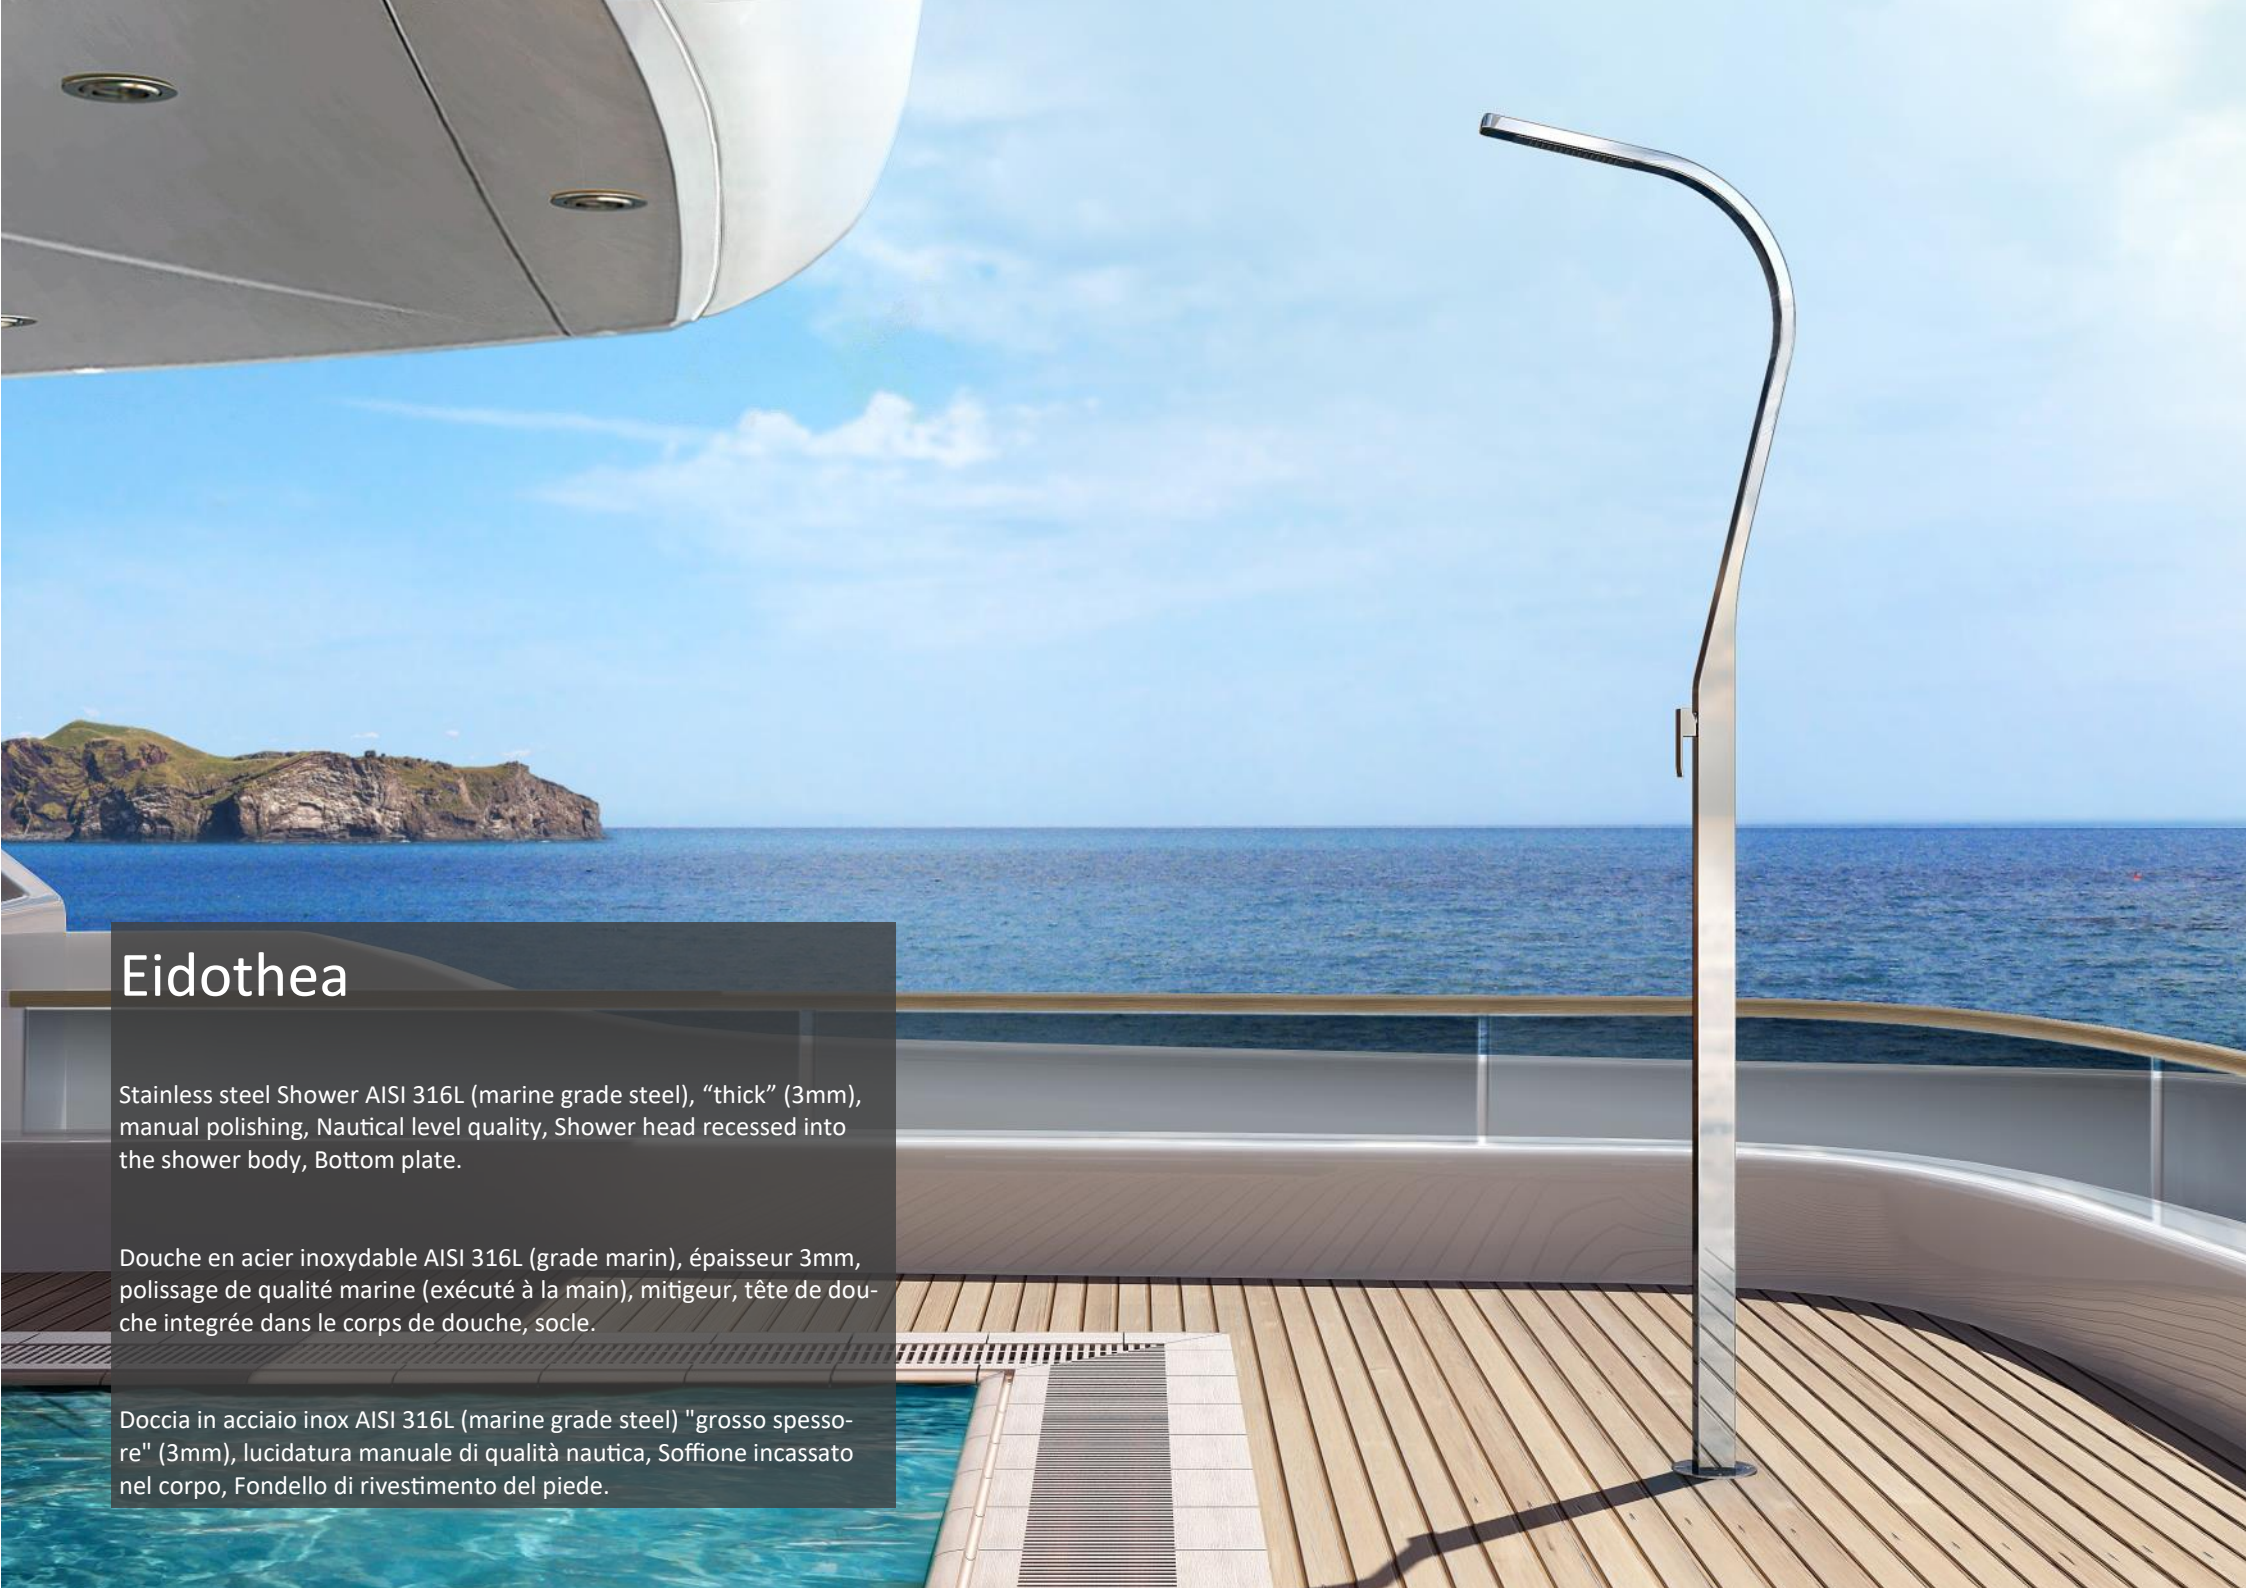

(Faucet Mixer + Footwash with faucet)

Clef MDT

(Faucet Mixer + Hand shower with Diverter)

A modern stainless steel shower is mounted on a wooden deck of a yacht. The shower has a sleek, curved design with a vertical support and a horizontal shower head. The background shows a clear blue sky, a calm sea, and a rocky coastline in the distance. The yacht's white hull and railing are visible in the foreground and middle ground.

Carbon & Steel

A black carbon fiber shower system is mounted on a wooden deck of a yacht. The shower has a vertical pole with a horizontal arm extending from it, holding a round shower head. The background shows the blue sea and a clear sky. To the right, there is a set of wooden stairs leading up to the yacht's cabin, and a portion of a blue cushioned lounge chair is visible in the bottom right corner.
